PROFILE SUMMARY

Motivated software engineer who is well-versed in the use of programming languages such as Java, Python, Spring Boot, MySQL, HTML, CSS, JavaScript, and software testing. Proven ability to create web apps, RESTful APIs, and databases using academic and personal projects. Exceptional problem-solving abilities and teamwork skills; looking for an entry-level position.

SKILLS

- **Programming Languages:** Java, Python
- **Frameworks:** Spring Boot, Django
- **Web Technologies:** HTML, CSS, JavaScript, React (Basics)
- **Databases:** MySQL, MongoDB
- **Testing Tools:** Selenium WebDriver, TestNG, Postman
- **Tools:** Git, GitHub, VS Code

PROJECTS

RetailHub

Java, Spring Boot, Spring Security, JWT, HTML, CSS, JavaScript, MySQL

- Developed a full-stack e-commerce application with customer and admin modules.
- Implemented secure authentication and authorization using Spring Security and JWT.
- Built product management, shopping cart, order processing, and review functionalities.
- Integrated Brevo Email API for email notifications and password reset workflows.
- Integrated Razorpay payment gateway for secure online transactions.
- Designed RESTful APIs and managed MySQL databases.
